#### **Report of Independent Auditors**

To the Board of Managers of Great Gray Trust Company, LLC

#### **Opinions**

We have audited the accompanying financial statements of each of the funds listed in the table below (collectively referred to as the "Funds"), which comprise the statement of assets and liabilities, including, for the funds indicated in the table below, the schedule of investments, as of the date indicated in the table below, and the related statements of operations and of changes in net assets for the periods indicated in the table below, including the related notes, and the financial highlights for each of the periods indicated therein (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of each of the Funds listed in the table below as of the date indicated in the table below, and the results of each of their operations and the changes in each of their net assets for each of the periods indicated in the table below, and each of their financial highlights for each of the periods indicated therein, in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Funds and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Funds' ability to continue as a going concern for one year after the date the financial statements are available to be issued.

#### Auditors' Responsibilities for the Audits of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of
  expressing an opinion on the effectiveness of the Funds' internal control. Accordingly, no
  such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Funds' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

#### **FUND INDEX**

#### **FUND NAME**

#### **FUND OBJECTIVE**

flexFIT+ Aggressive Series of Funds (Inclusive of Retirement, 2025, 2035, 2045, 2055 and 2065 Funds)

Each Fund seeks to provide long-term investors with an asset allocation strategy designed to maximize assets for retirement consistent with the risk level and projected retirement date associated with each Fund. The vintages of the Funds are designed to automatically adjust their risk over time to reduce the risk of investment in equity securities and shift from a focus on capital appreciation to one of capital preservation, while maintaining some exposure to capital appreciation asset classes. Funds with longer time horizons invest more heavily in equity and equity-like securities and those with shorter time horizons invest more heavily in debt and debt-like securities.

flexFIT+ Moderate Series of Funds (Inclusive of Retirement, 2025, 2035, 2045, 2055 and 2065 Funds) Each Fund seeks to provide long-term investors with an asset allocation strategy designed to maximize assets for retirement consistent with the risk level and projected retirement date associated with each Fund. The vintages of the Funds are designed to automatically adjust their risk over time to reduce the risk of investment in equity securities and shift from a focus on capital appreciation to one of capital preservation, while maintaining some exposure to capital appreciation asset classes. Funds with longer time horizons invest more heavily in equity and equity-like securities and those with shorter time horizons invest more heavily in debt and debt-like securities.

flexFIT+ Conservative Series of Funds (Inclusive of Retirement, 2025, 2035, 2045, 2055 and 2065 Funds) Each Fund seeks to provide long-term investors with an asset allocation strategy designed to maximize assets for retirement consistent with the risk level and projected retirement date associated with each Fund. The vintages of the Funds are designed to automatically adjust their risk over time to reduce the risk of investment in equity securities and shift from a focus on capital appreciation to one of capital preservation, while maintaining some exposure to capital appreciation asset classes. Funds with longer time horizons invest more heavily in equity and equity-like securities and those with shorter time horizons invest more heavily in debt and debt-like securities.

#### **Notes to the Financial Statements**

#### December 31, 2024

### Note 1 – Organization

Great Gray Collective Investment Trust (the "Trust") is intended to constitute an exempt trust under Section 501(a) of the Internal Revenue Code of 1986, as amended (the "Code"), and a group trust within the meaning of Rev. Rul. 81-100, as amended. The Trust is exempt from registration under the Investment Company Act of 1940, as amended, and the Securities Act of 1933, as amended. Great Gray Trust Company, LLC (the "Trustee") serves as the Trustee of the Trust.

The Trustee is responsible for maintaining and administering the Trust and its various funds (the "Funds" – see Fund Index) and also serves as the investment manager to the Funds. The Northern Trust Company provides custody, transfer agency, and accounting services for the Funds.

The Trustee is ultimately controlled by Madison Dearborn Partners, LLC ("MDP"), a registered investment adviser and private equity firm based in Chicago, IL. MDP and its controlled subsidiaries are the general partners to the investment funds that own substantially all of the Trustee through intermediate holding companies.

The purpose of the Trust is to allow collective investments by plan sponsors of retirement plans which qualify for exemption from federal income taxation pursuant to Section 501(a) of the Code, by reason of qualifying under Section 401(a) of the Code; tax-exempt governmental plans described in Section 401(a)(24) of the Code; eligible deferred compensation plans under Section 457(b) of the Code established by a government employer; group trusts or separate accounts consisting solely of assets of the foregoing; and other investors eligible for participation in the Trust. The Trust consists of separate funds with differing investment objectives, which are available for investment by participating plans. An eligible plan may join the Trust, subject to the Trustee's acceptance, and become a participating plan by executing participation documents specified by the Trustee. Not all funds within the Trust are presented herein. The Trustee has claimed an exclusion from the definition of commodity pool operator ("CPO") under the Commodity Exchange Act and the rules of the Commodity Futures Trading Commission ("CFTC") with respect to the Funds, and is therefore not subject to CFTC registration or regulation as a CPO with respect to the Funds.

The Trustee has engaged flexPATH Strategies, LLC (the "Sub-Advisor") to provide investment advice and recommendations with respect to investment of the Funds' assets. The Trustee maintains ultimate fiduciary authority over the management of and investments made in the Funds. The Sub-Advisor is engaged pursuant to a sub-advisor agreement.

### Note 2 - Significant Accounting Policies

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP"). The Funds are investment companies and follow the accounting and reporting guidance in Financial Accounting Standards Board Accounting Standards Codification Topic No. 946.

**Net Asset Value ("NAV")** – Units of each fee class of each Fund are valued each day on which the New York Stock Exchange ("NYSE") is open for trading in accordance with the valuation procedures established by the Trustee. The NAV per unit is calculated as of the close of trading on the NYSE (generally, 4:00 p.m. U.S. Eastern time). The NAV per

#### Notes to the Financial Statements (continued)

**December 31, 2024** 

unit is computed by dividing the total fair value of the assets of each Fund, less its liabilities, by the total number of units outstanding at the time of such computation. Investment income earned is reinvested in each Fund and included in the determination of unit values.

**Fund Unit Transactions** – The Funds sell new units and repurchase outstanding units on a daily basis. Unit purchases and redemptions are transacted at the NAV per fee class of the Funds determined as of the close of business each day. A summary of the unit activity for each Fund is included with its Financial Highlights.

The Funds require a plan to provide advance written notice of five business days for plan directed withdrawals which will exceed \$1 million of the assets invested in each Fund.

Investment Valuation – Investments are valued at their current fair value determined as follows:

Collective Funds – The Funds may hold investments in units of other funds within the Trust or similar funds for which other unrelated entities are trustee. The Trustee or an unrelated trustee estimates the fair value of investments in collective funds that have calculated net asset value per unit in accordance with the specialized accounting guidance for investment companies. Accordingly, as a practical expedient, investments in other such funds are valued at their net asset value as reported by the investee funds. The Funds have the ability to redeem their investments in the collective funds at net asset value. Where one fund invests in another fund within the Trust, the Trustee fee allocated to the investment by such investee fund is waived.

**Mutual Funds** – Investments in open-end mutual funds are valued at the daily closing net asset value of the respective fund.

**Securities** – Securities, other than bonds, listed on a securities exchange, market or automated quotation system for which quotations are readily available are valued at the closing price on the primary exchange or market on which they are traded on the day of valuation or, if there is no such reported sale on the valuation date, at the most recent bid quotation on the principal exchange. If a market price is not readily available or if such price is deemed unreliable, it will be valued at fair value in accordance with valuation procedures established by the Trustee. The Trustee's determination of fair value involves consideration of a number of subjective factors, and therefore, no single standard for determining fair value will apply.

When the valuation methods described above are not reflective of fair value, investments are valued at fair value following procedures and/or guidelines determined by or under the direction of the valuation committee established by the Trustee. In light of the judgment involved in fair value decisions, there can be no assurance that a fair value assigned to a particular investment is accurate.

**Cash and Cash Equivalents** – The Funds consider all highly liquid instruments with original maturities of three months or less at the acquisition date to be cash equivalents.

**Investment Transactions and Investment Income** – The Funds record security transactions on a trade date basis. Dividend income and realized capital gains distributions from Underlying Funds are recorded on the ex-dividend date. Net realized gains and losses on investments are determined by the first-in, first-out method. Interest income and expenses are recorded daily on the accrual basis.

#### Notes to the Financial Statements (continued)

### **December 31, 2024**

Fee Classes and Allocations – The Funds may offer multiple fee classes. Not all fee classes are available for investment by all plans. Each class is allocated expenses on the basis of expense loads assigned to that class. Income, expenses (other than expenses attributable to a specific class), and realized and unrealized gains or losses on investments are allocated to each unit class based on the units outstanding for the fee class in proportion to the total outstanding units.

**Use of Estimates** – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

**Guarantees and Indemnifications** – Under the Funds' organizational documents, each trustee, officer, employee and agent of the Trust is indemnified, to the extent permitted by law, against certain liabilities that may arise in the performance of their duties to the Funds.

**Income Tax Status** – The Trust has received a determination from the Internal Revenue Service that the Trust is exempt from federal income taxation under Section 501(a) of the Code. Accordingly, no federal income tax provision is required.

**Subsequent Events** – The Trustee has evaluated the effect of subsequent events on the Funds' financial statements through April 30, 2025, which is the date the financial statements were available to be issued, and has determined that there are no material subsequent events that would require disclosure or adjustment in the Funds' financial statements through this date.

#### Note 3 - Fair Value Measurements

Fair value is defined as the price a fund would receive to sell an asset or pay to transfer a liability in an orderly transaction between market participants at the measurement date.

Various inputs are used in determining the fair value of the Funds' investments. The Trustee has performed an analysis of the significance and character of these inputs to the fair value determination. These inputs are summarized in the three broad levels listed below:

- Level 1 Quoted prices in active markets for identical investments.
- Level 2 Other significant observable inputs (including quoted prices for similar investments, interest rates, credit risk, and others).
- Level 3 Significant unobservable inputs (including the Trustee's own assumptions in determining the fair value of investments).

The inputs or methodologies used for valuing investments are not necessarily an indication of the risk associated with investing in those investments. The aggregate fair value of the investments in each Fund, by input level used as of December 31, 2024, is included following each Fund's Schedule of Investments.

#### Note 4 - Fees and Expenses

#### **Trustee and Management Fees**

Annualized asset-based fees are based upon the net assets as determined at the end of each preceding business day as set forth in the table below (in basis points). Except as otherwise noted, all asset-based fees are paid from the assets of the Funds.

|           |             | Management Fee  |                              |  |  |

**Trustee Fee** – The Trustee receives an annualized fee for trustee and administrative services provided to each Fund. Trustee fees are based upon the average daily value of each Fund and are accrued daily, paid quarterly in arrears and charged against the assets invested in each Fund.

**Management Fee** – The Sub-Advisor is compensated for its investment advisory and consultant services provided to each Fund. The Investment Consultant Fee includes an annualized fee to the investment consultant for its glidepath management services provided to each Fund. These fees are based upon the average daily value of each Fund and are accrued daily, paid quarterly in arrears and charged against the assets invested in each Fund.

**Operating Expenses** – In addition to the fees described above, each Fund bears expenses related to its operations, including, but not limited to, audit, custody, tax and legal services. Transaction fees and expenses incurred in connection with the investment and reinvestment of Fund assets, including, without limitation, brokerage commission and other expenses, are also charged against each Fund.

When assets of each Fund are invested in other investment vehicles, such as other Collective Funds or Exchange-Traded Funds, those investment vehicles will incur fees and expenses, which will be reflected in the performance results and value of each Fund's investment in such investment vehicle.

### Note 5 - Related Party Transactions

The Trustee is a Nevada-chartered non-depository trust company that provides trust and custodial services for tax-advantaged retirement plans as well as trust and investment services to business pension and retirement plans. The Trustee is responsible for managing the Trust's investment and business affairs.

The Trustee is a wholly-owned subsidiary of Great Gray Group, LLC ("Great Gray Group"), which has an indirect, non-controlling, minority equity investment in the Sub-Advisor, but Great Gray Group does not have the power, directly or indirectly, to direct the Sub-Advisor's management or policies.

#### Note 7 - Risks Associated with Investing in the Funds

The Funds invest in Underlying Funds. In the normal course of business, the Underlying Funds trade financial instruments and enter into financial transactions where risk of potential loss exists due to changes in the fair value of the investments. The Funds' risks are closely associated with the risks of the securities and other investments held by the Underlying Funds, and the ability of the Funds to meet their investment objectives likewise depends on the ability of the Underlying Funds to meet their objectives. Investment in the Underlying Funds may subject the Funds to higher costs than owning the underlying securities directly because of their management fees and administrative costs.

The following are the principal risks of the Funds and are described in the Additional Fund Information and Principal Risk Definitions (www.greatgray.com/principalriskdefinitions):

Credit and Counterparty, Currency, Derivatives, Index Correlation/Tracking Error, Interest Rate, Loss of Money, Management, Market/Market Volatility, Passive Management, Target Date, Underlying Fund/Fund of Funds.
