#### **Report of Independent Auditors**

To the Board of Managers of Great Gray Trust Company, LLC

## **Opinions**

We have audited the accompanying financial statements of each of the funds listed below (collectively referred to as the "Funds"), which comprise the statement of assets and liabilities, including the schedule of investments, as of December 31, 2024 and the related statements of operations and of changes in net assets, including the related notes, and the financial highlights for year then ended (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of each of the Funds listed below as of December 31, 2024, and the results of each of their operations, the changes in each of their net assets, and each of their financial highlights for the year then ended in accordance with accounting principles generally accepted in the United States of America.

- Royce Small-Cap Opportunity CIT
- Royce Small-Cap Total Return CIT

### **Basis for Opinions**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Funds and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Funds' ability to continue as a going concern for one year after the date the financial statements are available to be issued.

#### Auditors' Responsibilities for the Audits of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of

internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of
  expressing an opinion on the effectiveness of the Funds' internal control. Accordingly, no
  such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Funds' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

San Francisco, California April 30, 2025

Price waterhouse Coopers LLP

#### Funds Sub-Advised by Royce & Associates, LP

#### **Notes to the Financial Statements**

December 31, 2024

## Note 1 – Organization

Great Gray Collective Investment Trust (the "Trust") is intended to constitute an exempt trust under Section 501(a) of the Internal Revenue Code of 1986, as amended (the "Code"), and a group trust within the meaning of Rev. Rul. 81-100, as amended. The Trust is exempt from registration under the Investment Company Act of 1940, as amended, and the Securities Act of 1933, as amended. Great Gray Trust Company, LLC (the "Trustee") serves as the Trustee of the Trust.

The Trustee is responsible for maintaining and administering the Trust and its various funds (the "Funds" – see Fund Index) and also serves as the investment manager to the Funds. The Northern Trust Company provides custody, transfer agency, and accounting services for the Funds. Effective December 1, 2024, the Funds' names changed from Royce Opportunity CIT and Royce Total Return CIT to Royce Small-Cap Opportunity CIT and Royce Small-Cap Total Return CIT, respectively.

The Trustee is ultimately controlled by Madison Dearborn Partners, LLC ("MDP"), a registered investment adviser and private equity firm based in Chicago, IL. MDP and its controlled subsidiaries are the general partners to the investment funds that own substantially all of the Trustee through intermediate holding companies.

The purpose of the Trust is to allow collective investments by plan sponsors of retirement plans which qualify for exemption from federal income taxation pursuant to Section 501(a) of the Code, by reason of qualifying under Section 401(a) of the Code; tax-exempt governmental plans described in Section 401(a)(24) of the Code; eligible deferred compensation plans under Section 457(b) of the Code established by a government employer; group trusts or separate accounts consisting solely of assets of the foregoing; and other investors eligible for participation in the Trust. The Trust consists of separate funds with differing investment objectives, which are available for investment by participating plans. An eligible plan may join the Trust, subject to the Trustee's acceptance, and become a participating plan by executing participation documents specified by the Trustee. Not all funds within the Trust are presented herein. The Trustee has claimed an exclusion from the definition of commodity pool operator ("CPO") under the Commodity Exchange Act and the rules of the Commodity Futures Trading Commission ("CFTC") with respect to the Funds, and is therefore not subject to CFTC registration or regulation as a CPO with respect to the Funds.

The Trustee has engaged Royce & Associates, LP (the "Sub-Advisor") to provide investment advice and recommendations with respect to investment of the Funds' assets. The Trustee maintains ultimate fiduciary authority over the management of and investments made in the Funds. The Sub-Advisor is engaged pursuant to a sub-advisor agreement.

#### Note 2 - Significant Accounting Policies

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP"). The Funds are investment companies and follow the accounting and reporting guidance in Financial Accounting Standards Board Accounting Standards Codification Topic No. 946.

## Funds Sub-Advised by Royce & Associates, LP

## Notes to the Financial Statements (continued)

December 31, 2024

**Net Asset Value ("NAV")** – Units of each fee class of each Fund are valued each day on which the New York Stock Exchange ("NYSE") is open for trading in accordance with the valuation procedures established by the Trustee. The NAV per unit is calculated as of the close of trading on the NYSE (generally, 4:00 p.m. U.S. Eastern time). The NAV per unit is computed by dividing the total fair value of the assets of each Fund, less its liabilities, by the total number of units outstanding at the time of such computation. Investment income earned is reinvested in each Fund and included in the determination of unit values.

**Fund Unit Transactions** – The Funds sell new units and repurchase outstanding units on a daily basis. Unit purchases and redemptions are transacted at the NAV per fee class of the Funds determined as of the close of business each day. A summary of the unit activity for each Fund is included with its Financial Highlights.

The Funds require a plan to provide advance written notice of five business days for plan directed contributions and withdrawals which will exceed \$1 million or such other amount as may be determined by the Trustee, upon consultation with the Sub-Advisor, from time to time.

Investment Valuation – Investments are valued at their current fair value determined as follows:

**Money Market Trusts** – Investments in money market trusts are valued using the net asset value per share (or its equivalent) as a practical expedient in accordance with the specialized accounting guidance for investment companies.

**Securities** – Securities, other than bonds, listed on a securities exchange, market or automated quotation system for which quotations are readily available are valued at the closing price on the primary exchange or market on which they are traded on the day of valuation or, if there is no such reported sale on the valuation date, at the most recent bid quotation on the principal exchange. If a market price is not readily available or if such price is deemed unreliable, it will be valued at fair value in accordance with valuation procedures established by the Trustee. The Trustee's determination of fair value involves consideration of a number of subjective factors, and therefore, no single standard for determining fair value will apply.

When the valuation methods described above are not reflective of fair value, investments are valued at fair value following procedures and/or guidelines determined by or under the direction of the valuation committee established by the Trustee. In light of the judgment involved in fair value decisions, there can be no assurance that a fair value assigned to a particular investment is accurate.

**Cash and Cash Equivalents** – The Funds consider all highly liquid instruments with original maturities of three months or less at the acquisition date to be cash equivalents.

**Investment Transactions and Investment Income** – The Funds record security transactions on a trade date basis. Dividend income is recorded on the ex-dividend date. Net realized gains and losses on investments are determined by the first-in, first-out method. Interest income and expenses are recorded daily on the accrual basis.

## Funds Sub-Advised by Royce & Associates, LP

## Notes to the Financial Statements (continued)

### December 31, 2024

Fee Classes and Allocations – The Funds may offer multiple fee classes. Not all fee classes are available for investment by all plans. Each class is allocated expenses on the basis of expense loads assigned to that class. Income, expenses (other than expenses attributable to a specific class), and realized and unrealized gains or losses on investments are allocated to each fee class based on the units outstanding for the fee class in proportion to the total outstanding units.

**Use of Estimates** – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

**Guarantees and Indemnifications** – Under the Funds' organizational documents, each trustee, officer, employee and agent of the Trust is indemnified, to the extent permitted by law, against certain liabilities that may arise in the performance of their duties to the Funds.

**Income Tax Status** – The Trust has received a determination from the Internal Revenue Service that the Trust is exempt from federal income taxation under Section 501(a) of the Code. Accordingly, no federal income tax provision is required.

**Tax Reclaims Receivable** – Tax reclaims receivable, if any, are recorded on the ex-dividend date based upon the Trustee's interpretation of country-specific taxation of dividend income, which may be subject to change due to changes in country-specific tax regulations regarding amounts reclaimable or the Trustee's interpretation of country-specific taxation of dividend income and related amounts reclaimable.

**Subsequent Events** – The Trustee has evaluated the effect of subsequent events on the Funds' financial statements through April 30, 2025, which is the date the financial statements were available to be issued, and has determined that there are no material subsequent events that would require disclosure or adjustment in the Funds' financial statements through this date.

#### Note 3 - Fair Value Measurements

Fair value is defined as the price a fund would receive to sell an asset or pay to transfer a liability in an orderly transaction between market participants at the measurement date.

Various inputs are used in determining the fair value of the Funds' investments. The Trustee has performed an analysis of the significance and character of these inputs to the fair value determination. These inputs are summarized in the three broad levels listed below:

- Level 1 Quoted prices in active markets for identical investments.
- Level 2 Other significant observable inputs (including quoted prices for similar investments, interest rates, credit risk, and others).
- Level 3 Significant unobservable inputs (including the Trustee's own assumptions in determining the fair value of investments).

## Funds Sub-Advised by Royce & Associates, LP

## Notes to the Financial Statements (continued)

### December 31, 2024

The inputs or methodologies used for valuing investments are not necessarily an indication of the risk associated with investing in those investments. The aggregate fair value of the investments in each Fund, by input level used as of December 31, 2024, is included following each Fund's Schedule of Investments.

#### Note 4 - Fees and Expenses

#### Fees

As set forth in the table below (in basis points), the Trustee will receive the annualized Total Fee based upon the net assets of each Participating Plan invested in the Funds. The Total Fee includes (i) amounts the Trustee charges directly against the Funds' assets for the provision of trustee, investment management and administrative services to the Funds (collectively, the "Trustee Fee") and (ii) Operating Expenses (as defined below) and charged against Funds' assets. The Trustee will compensate the Sub-Advisor and other service providers from the Total Fee it receives from the Funds. Fees are accrued daily and paid quarterly in arrears and charged against the assets invested in the Funds.

Fee Class	Total Fee <sup>(1)</sup>
Class R	85
Class R-LM	10

(1) The Total Fee reflects the Expense Limit described in the Expenses section below and includes a Trustee Fee of 85 basis points for Unit Class R and 10 basis points for Unit Class R-LM. The Trustee Fee will decrease as the total value of assets of all Trustee collective investment funds subadvised by managers that were affiliates of legacy Legg Mason & Co., LLC prior to its acquisition by Franklin Resources, Inc. (the "Legacy Legg Mason Managers") reaches certain threshold amounts. For the avoidance of doubt, the assets of Trustee collective investment funds subadvised by Franklin Resources, Inc.-affiliated managers that are not Legacy Legg Mason Managers shall not be taken into account in calculating the Trustee Fee. In the future, if changes in the Trustee Fee result in changes to the Total Fee charged against Fund assets, the Trustee will notify investors through the Fund Factsheets which are updated quarterly and posted on the Trustee's website or otherwise provided to investors.

**Expenses** – The Funds will reimburse the Trustee for any out-of-pocket expenses it may incur on behalf of the Funds that relate directly to Funds' operations. These may include, but are not limited to, audit expenses, custody service fees, tax form preparation fees, legal and other fees ("Operating Expenses"). Operating Expenses will be reimbursed from the Funds when they are incurred. Transaction fees and expenses incurred in connection with the investment and reinvestment of the Funds' assets, including without limitation, any transfer agency fees, brokerage commissions and expenses, will be borne by the Funds.

## Funds Sub-Advised by Royce & Associates, LP

### Notes to the Financial Statements (continued)

**December 31, 2024** 

To limit expenses of the Funds, the Sub-Advisor has, in its sole discretion, decided to waive a portion of the compensation it receives from the Trustee in order to limit the combined Operating Expenses and Trustee Fees (the "Expense Limit") for each Fee Class of the Funds equal to 85 basis points for Fee Class R and 10 basis points for Fee Class R-LM. These arrangements may be discontinued upon notice from the Sub-Advisor at any time and the Trustee will inform investors through the Fund Fact Sheets which are posted to the Trustee's website or otherwise made available.

When assets of the Funds are invested in other investment vehicles, such as other Collective Funds or Exchange-Traded Funds, those investment vehicles will incur fees and expenses, which will be reflected in the performance results and value of the Funds' investment in such investment vehicle.

#### Note 5 - Related Party Transactions

The Trustee is a Nevada-chartered non-depository trust company that provides trust and custodial services for tax-advantaged retirement plans as well as trust and investment services to business pension and retirement plans. The Trustee is responsible for managing the Trust's investment and business affairs.

#### Note 6 - Risks Associated with Investing in the Funds

In the normal course of business, the Funds trade financial instruments and enter into financial transactions where risk of potential loss exists due to changes in the fair value of the investments.

The following are the principal risks of the Funds and are described in the Additional Fund Information and Principal Risk Definitions (www.greatgray.com/principalriskdefinitions):

Active Management, Equity Securities, Financial Sectors, Foreign Securities, Industry and Sector Investing, Loss of Money, Market/Market Volatility, Other, Regulation/Government Intervention, Small Cap, Value Investing.
